Maria from Italy

Dear Gerard,

Here in Italy, the media talk about pandemic and other accidents day and night. One tries to find causes and human solutions, especially in scientific and financial terms. One never speaks of the old God, although we calculate the years since His birth on our earth.

Isn't that a colossal contradiction in western culture? Shouldn't one rather exhort Christendom much more to observe the divine commandments and evangelical advice? What do you think about it, and what do the other Lorber friends?

Best Christmas wishes to you and everyone from

Maria from Italy

Answer

Dear Maria,

I will come back to that briefly in the January-2021-bulletin!

Best of New Years Wishes,

[In memory of the CHILD Jesus who came to this Earth to fulfill a GREATEST mission of all time!]

Hello Gerard,

In the last bulletin, it says: "It was said of Elias: At the end of the times of this earth you will be sent once again in the flesh [body] to the people of the earth, but no longer with hidden inner spiritual vision, but all the more and even more clearly for the two earlier times under the name "Sehel" and the later "Elias," and Brother Moises, however, will guide you in spirit. [GGJ5-235: 9]

Is it now known who and where Elias is?

Recently an old video was distributed in a new version on the Internet:

<https://wyattmuseum.com/the-ark-of-the-covenant-special-article/2011-338>

The subject is the discovery of "The Ark of the Covenant." Apparently, it would have been preserved in Jerusalem's underground passages. The clotted blood found there on the spot contained only 23 chromosomes according to labor studies. The discoverer (Wyatt) said in an honest speech (see his speech) that that was/is the blood of Jesus Christ. Apparently, this find also has to do with the end times, but the correct facts have eluded me for the time being.

Cordial greetings,

Rudy Vercauteren

Answer

Dear Rudy,

Elijah is already there, Jesus says in Lorber. But not as we think. The actual Elijah, "- as far as your question is concerned, only comes when the earth decays or dissolves itself completely and that is only after unprecedented times.

That blood has been found from Jesus and 24 [22 + x and y] chromosomes, I personally don't believe - Normally, humans have 23 + 23 chromosomes! People with Down syndrome have 1 more chromosome; the chimpanzee has 23. In humans, there are 24 different types of chromosomes (22 + X + Y) - Blood dissolves, weathering and mingles with soil and clay.

In my opinion, finding any blood clot which is 2,000 years old, is already an impossibility. The correct location of Jerusalem - what is now the old eastern part of the city - was then the WEST part, for the remainder of Jerusalem was more in a SOUTH EASTERN direction towards the town of Bethlehem.

Gerard,

How does the color of the wine affect the Word of God and the reality of what happens to the soul and spirit in the afterlife after the physical death of the body?

In Lorber's Robert Blum, the spirits consume much "spiritual wine and bread."

In terms of reincarnation, Dr. Ian Livingstone has spent thirty years researching childhood memories of their past lives on Earth. At 144000.net there are two YouTube examples of past life memories of children. In the Third Testament, also available at 144000.net, there are many references [clues] to incarnation and reincarnation.

Edgar Cayce, the American psychic, received from the "source" seven past lives and there could have been more. Cayce's 'Life readings' contain hundreds of reincarnation stories. But what do we care, if they exist, will we have to live the incarnations, if they are not there? So be it!

None of the above incarnations should be of no importance to our life here on earth. All we need is to love God above all and our fellow human beings as well as ourselves and to be active in that love.

Answer

Wine loosens tongues. Drunk in moderation wine can "cheer up" [diluted with water]. Pushing the boundaries of wine [addiction] can lead to depression. As I said, "it detaches the spiritual tongue from man, that is, its true nature emerges - so that which was hidden [unconscious] becomes more apparent [conscious]."

Jairuth, who also owned land [near the ruined castle of Esau in Samaria], asked Jesus to be allowed to cultivate the heavenly wine, to which Jesus replied:

" I said: 'Vines which would yield you such wine I can supply you with quite easily. Such supposed effect on mankind, however, you shall be unable to bring about. Because this wine indeed enlivens man's love, provided it already resides in man, but where there is no love but only evil in man's heart, there the evil in him is animated the same way love was in yours, and he is then only transformed into an accomplished devil, and shall go about doing evil just as enthusiastic as you want to do good.

Therefore, one has to be mindful of whom one wants to serve up this wine for enjoyment. But I intend nevertheless to let you have a vineyard of these vines, but be utmost careful about who you want to give such wine to drink. Of a truth, much good can be done by animated love. Yet it should to be animated by God's Word because this will last whereas with the consumption of this wine it lasts only for a while and then expires like the wine itself. Keep this well in mind or you will do much evil instead of good.' On this says the merchant Jairuth: 'Lord, in that case, there would be no point in cultivating such vine. Because one cannot know whether a person harbors good or evil when handing them such wine, and also be placed in a great predicament when by wishing to animate someone's love one were only to enliven his wickedness. No, no, in that case, I would leave the raising of such vineyard well and truly alone.' [GGJ1-63, 6-8]

Regina Franziska Rau from Germany

Hello dear Gerard,

Oh dear - you can now see the nonsense people deal with if they don't know the original sources - and they are only in the heart, possibly in the corresponding original texts - and not from interpretations borrowed from "holy" or "ascended to" ... 'And that with completely normal people, who had some observations. An observation or whispering says nothing from which side it came from.

If a receiver has a red receiving antenna, it can only understand it in RED. As long as people have eaten animals, or even "spicy" drinks, or turned to harmful spiritual things from others, they cannot see, feel, or understand the real truth - or even discuss or scientifically substantiate it.

Jesus did not drink wine at all. He drank grape juice - fresh and unsprayed. Jesus was an Essene - they took nothing wrong for themselves at all, not even heated food of any kind. Unpressed, fermented, frozen, roasted, etc.

I only want to send this to you, not to discuss it because of that, as there is nothing to discuss here at all. Some people understand others don't. Everyone is free to do so. Therefore, do not send me discussion letters, I will not be able to answer them.

There are such important things today - and the important thing is that people should stop tormenting animals and eating badly, or also stealing their belongings and feasting on them, while the remaining offspring of animals are still in horrible pain. And while the echo of man does not end or cease the willed atrocities, the approaching end of the man is soon heralded; they are already preparing the oven for the coming Christmas and Easter, of which Jesus did not eat, but the man did.

The 5G is ramped up - and the "burned lungs" are flushed and explained as the cause: Covid. The devil does not care how he destroys people and whether the earth will be disturbed in the process. This should NOT be indifferent to man. Yet if he is whispered in his way by his devil, there will come a way to pay homage to death, according to what the eye sees and is deceived!

"Kill, chase, imprison, slaughter, eat death" - and pay for theft, steal for what has been stolen. " Prosecution, imprisonment, slaughter, and the stolen good food " ... and so on.

In this way, the human ego will continue to advance, and through the oven, which each person holds in his own hands, at the end even with the Christmas and Easter roast meat!

I have found that people prefer to discuss the possible and impossible with everyone. To really think about what is absolutely necessary. But really discuss the possible and the impossible nonsense, so that man and then of course first of all Mother Nature with all her creatures continues to exist.

Stop chasing and worshiping the god of death. To the god of the rational, cold, dead spirit, who also has technology, science, food and much more in his clutches.

Almost everything man does today is controlled by dark forces. That would never be conceivable in the heavenly spheres. All worldly upbringing leads to ruin. Man must find his way back to God. Look into his heart, feel, sense, with empathy and compassion. When he does this, divine knowledge comes to him. For everyone. Then no more books are needed!

In love,

Regina

And if it were the last day of my life, I would plant another apple tree

Dear Regina

Read your e-mail with interest. I can largely endorse and substantiate what you write there. In that respect, you have a fellow spirit. It seems to me that you have never read anything from Jakob Lorber of Swedenborg. They write about such things. Not that you should read that, but it could give you a lot more depth. For example, to start with the "Youth of Jesus", by Jakob Lorber. If you wish, I will be happy to send the book to you digitally free of charge.

It is not so important what Jesus ate and drank - that is no longer the topic of discussion here - although He did set the example and also let it describe what is or is not good for man.

You see, Jesus as a "disciple of the Essenes", while the opposite is the case! It also seems to me that you do not see Jesus as God Himself, or the Lord and the Creator of us all? ...

But your good message has got across well and there is a great deal of truth in it. It's about love on this earth. Not love in the sense of "being in love" with someone, but doing good to the other. As he would do himself well and most of all for his real Father.

Gerard

### **Did you know? .....**

Fragrance stimulation for the treatment of anxiety, grief and cognitive problems is well known. But ROSE SCENT, for example, can improve memory, make learning and thinking easier, and even have a positive effect on heart function.

In a study on chronic back pain patients, the pain threshold was increased by exercising with pleasant smells, so much less pain and without side effects. It can even prevent pain!

In the further future shaping of our culture and economy on this earth, let's think more about what we constantly offer our noses: people apparently prefer exhaust fumes, industrial liquid and rickety exhaust air from air conditioning systems. Or rather the naturally known scents that keep people mentally and physically healthy?!

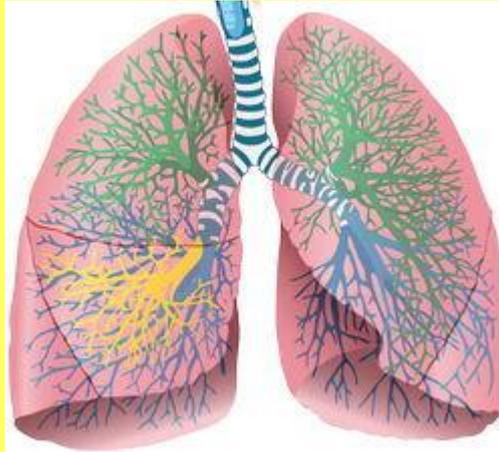

### **Rose essential oil is available in pharmacies or other providers.**

Let's talk about the "underworld" in this regard. The depth is the underworld, all the way to where you could be, and there is that rose. Ps. 130: 1 refers to it. Love is not that simple there, but ...

A rose has twelve leaves, 6 red and 6 white alternately and a 13th leaf that has a color that we don't know here, it has an unpronounceable color, a color that does not exist for us here. This rose in the deep [the inner heart chamber] exists and the Lord says of Himself "I am that!"

"The Hebrew word for "fragrance", "smell" is *RoejaCh* = 200-10-8 and "alveoli" or "flower beds" in Hebrew: *ARoeGoH*.

The Lord has descended into His garden where the tending is, where the embalming beds are, it is plural, where the "particles" are. The Hebrew word for *Reöh* = lungs 200-1-5, which have so many particles [alveoli], while *RoöH* or *Reöh* - also as 200-1-5, means "to see". The flower beds, the flower fields are the back of the lungs.

In medicine, in Hebrew, this is also the side of the lungs where the particles of the alveoli are where again the flower beds are that give off scents. These many particles, also in the lungs, show that. But we don't look with the lungs, do we? No man sees with his lungs. Yet they are called "**insight**". We breathe in, that is to say: God's Breath breathes in man and man gives back his experiences.

The soul is the breath, the breath of life, coming from God as "*NeShaMa*", the highest of what we have, that makes us "live." Breath means "*NesSheM*" as 50-300-40.

We also know the incense = [Hebrew: *Ketoeroh* or *Ketoerah*], the scented 100-9-6-200-5. [Gen.25: 1, 4. Chron. 1:32, 33]. Fragrance 200-10-8 or "sweet fragrance": 50-10-8-6-8 as translated, that is what God breathes in. The Lord also gives the breath in man at Creation, the "*roeach*", the breath of the nose, "that is, God sends out of Himself and gives some of it to the human.

Everything smells, not only the herbs or flowers, but also wood, stones or crystals. Everything has a scent! There is one loved one, there is one God, there is one human being in the world. Man draws himself up to God and will exist in eternity. Although there are many people in eternity, but each experience it as one for himself. **This multiplicity is a unity and at the same time a multiplicity.**

The lord says in Jakob Lorber: *"Look at the flowers in the field. Has not each one a different shape, color, fragrance and use, and the noblest of all is only the rose with its glorious fragrance and its dew strengthening every weak eye if the heart was first refreshed through the fragrance? And when you gaze at the countless stars in the firmament you will find, if you observe them closely, that not two of them have the same light. But among all the stars that do not leave their community, there is only one that you call the star of Abel and which radiates like a bright dewdrop in the morning sun. It does not make any difference to God, whether He looks after a mote or a sun or whether he provides for a gnat or a mammoth, for when someone possesses much he can give great and little things with the same love. To the one who needs much, he gives much and a small gift to the one who needs only a little. He can distribute a variety of gifts, to one this and to the other that, thus, something different to everyone. Enoch was given love, a blessed tongue and a well-enlightened heart. Therefore he*

*shall also give what he has received. And because the love of God became his share, he shall pass on this love like the rose that gives what it has received and no one doubts that he received it from God since it is a good gift and of benefit to our senses. Who will ever doubt where Enoch's gift is from when his tongue trembles with the love of God? ' [Household of God, e 1, chapter.45:12,ff.]*

In Lorber, it says: *'But if I were to ask you: 'What is the growth of a rose, and what is the rose itself?! You would fall silent!'* [HH.01\_113,14]

*"But that this really is and must be the case, is clearly demonstrated by the smell of every single plant and even more so by its inner substance. You smell a rose, a carnation, a lily, a violet, then a Henbane, and then ask yourself whether one flower smells like the other. The scent of the rose will strengthen the olfactory organs and sharpen the face.*

*The carnation will contract the olfactory organs and weaken the face. The lily will make the olfactory organs slack and in time even have a bad effect on the stomach organs, which not infrequently produces pain in the head. The violet will have an amusing effect on the olfactory organs and even strengthen the brain, while the dirty yellow Henbane will cause instant disgust and, if smelled for a long time, dizziness and dilation of the pupil "* [EM.01\_020,06]

The Lord: *"This flower, or rather the medicinal plant, blooms and continues to grow at all times so that there is never a shortage of it; while here and there one and the other is taken away by the residents, a young one soon grows in its place. In full bloom, it spreads such a fragrance around itself that you cannot even imagine the slightest idea of it, as there is nothing similarly fragrant on your earth, and your rose is a musty stink against it."*

*"Such a perfectly blossoming medicinal plant, if it only appeared once on earth, would, by the virtue of the intensity of its extraordinary fragrance, be able to saturate an entire country as big as your marrow with the most pleasant fragrance; For if it were not so, how could the aromatic healing power of such a flower reach even into distant planet regions. But that this is how it behaves - you can only ask a very nerve-irritable, mentally ill sleeper about it, and she will tell you openly when she interacts with this planet mentally, that she demonstrates the beneficial effects of such a medicinal plant distant planets even feel benevolent. ' [Saturn 01\_007,12, 13] - **[We are talking about the rose that grows luxuriantly on the planet Saturn!]***

The Lord: *'The "rose" means the purest, fragrant love for Me from the Church of the Heart. But just as the master flower grows on thorny bushes, the way into the true church, as the place where my grace is only at home, is also a little thorny. But that is precisely why pure love, whose roots in the garden of childlike obedience feed the thorny shrub with prosperous nourishment, is the highest, most beautiful and holiest good - yes, it alone is eternal, most blessed life itself. And who does not have this royal flower spiritually in his heart will hardly enter the great, eternal kingdom of heaven.'*

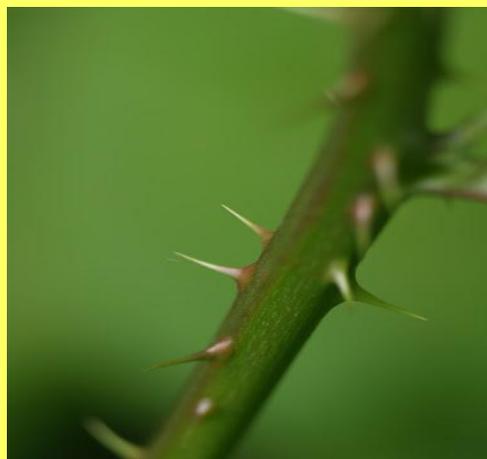

*'The garden is obedient. - The life of obedience is the good roots of the rose bush. [Analog] Although still in the dark, lightless earth, these are nevertheless the main bearers of the bush and finally of the blossom itself. - The [inner] church [in man] resembles the thorny bush. And there are the thorns in all the trials of freedom and the manifold temptations of the world, but at the same time also the fire suckers of love, like the real thorns on the rose bush suckers of the electric fire. - But the rose is finally the beautiful symbol of love itself! '*

*'So listen, my dear young inventor of these three words! You too will become a rose and as such become My dear daughter, so that one day the riddle that still holds you captive in the worldly may become clear to you! [GH.01\_40.11.25,09-11]*

*"Come soon to my garden and bloom there to the glorious flower of eternal life, since you will again hear the very secret sounds of my Fatherly voice! [GH.01\_40.11.25,12]*

*'The rose is the most beautiful flower on your earth because it combines the most beautiful color with the fragrance, one of which expresses love and the other expresses wisdom. Just as the rose in its lovely garment combines beauty with fragrance, so my word, the word of love, paired with good deeds, lets every admirer feel the charm of my divine being. '*

*'The thorns are the worldly passions that must first be removed through struggle and suffering. And so the rose actually wants to say: "I cannot exist without thorns!" These have to be overcome. As now the rose sucks in electricity through its thorns and uses it to beautify its own ego, likewise everyone who follows my teaching and wants to practice it should exploit the worldly inconveniences in such a way that also from them, as from the thorns at the rose 'Spiritual and sublime grows.' [LS.01\_017,13,14]*

The rose has thorns, which is not always pleasant. You can get hurt, but the thorn is the secret of the Word: *ShoShaNNaH* = ROSE. In that Hebrew word we find "*SheSh*" 300-300 = 600 = SIX, [compare the sixth day of Creation!] It also means "linen". Friday is the "sixth" day.

The Hebrew word *Shanah* means 'change', 'repeat', 'grow old' or 'year' and has to do with the understanding Time: 300-50-5 - First comes the 6 - the connection and the connecting hook, only then the time.

In this rose are the 6 white and the 6 red leaves. But where did the 13th go to? Let us look again in Genesis 1, at the first 13 words, which as it were; represent "the petals".

"We start with the 6 white pages: *eeth ha-shamajim weëeth ha-arets weha-arets haj (e) thah:* (6 words). Then the 6 red sheets: *thohoe wabohoe we-choshech al penee thehom:* (6 words).

And the 13th Hebrew word is SPIRIT, the *ROeCh*, the Spirit of God. This one has no color but unites the white and red sheets, which dissolves the contradiction in 13th place.

The Spirit ends the duality. That is why the *Roeach Elokim*, the Spirit of God, comes. With that rose that is to come, a rose with thorns, Creation begins. The development has been set in motion, one after another is coming. "The Bible says, "The wilderness and the dry places will rejoice over this, and the wilderness will rejoice, and blossom like a rose. [Isaiah 35: 1]

There is a heavenly firmament ABOVE the earth. Two separate worlds, which still belong together, such as the colors red and white, up and down, male and female. The rose indicates red-white-red-white, good-evil, right-wrong, it indicates all contradictions. The Rose alternates, the 6 days from here and the 6 days opposite it, the other side of it, the opposite side. We only see one side here.

From every human being emanates a scent [*reach*] which as a whole as "*roeach*" like spirit, wind and movement fills everything. The smell is also [*reach*] like that, it comes to us or emanates from us and fills the entire universe.

When you walk and you meet people who are running, who are exercising, you can smell their sweat. They often take a shower beforehand and then you smell the "aftershave" when they pass you, but walkers also often leave behind "perfume", which defines a whole walkway and is therefore actually compelling. Sweat is "*ZeoH*" = 7-70-5. The road from the 7 x 7 does not always have a pleasant smell. He who comes to the sanctuary wash his hands and feet in the laver, so that the fragrance of the way may disappear from the feet.

## THE STATES OF THE EARTH ARE "DEAF" TO THE CALLS OF THE POOR

The Lord says to Jakob Lorber on July 30, 1842: *"Just write because I already know what you want! - Read in "Daniel" the third chapter, verses 14-20! - There you will find that the kingdom of the earth has just now become completely deaf to the voice of the poor, almost starving brothers, both body and spirit! "*

*"But now I say to you without" Daniel ": The land in the sea will go down and the proud queen of the waves will be scattered like chaff if she will never let the tears of the mourning be mollified! - Look at America! That is where the 'day of reckoning' has already begun! - Here it breaks! "*

*[Due to his advanced age, incoming President Biden will likely not be re-elected for a second four-year term! - And should Trump come back to "power," America will fall into decline and scattering within a few years!]*

*"Need will, yes, the nations must first learn that the earth is common to all men, not just those wicked satan usurers who have taken possession of the earth through stamped metal and now even through smeared, extremely wretched pieces of paper. [The money.] - It is scandalous enough that the people put locks and bolts on the doors of their houses, so as not to be robbed of what paves hell! "*

*"Cursed be he [that is, upon which there is no blessing, but adversity! - and out of hellish self-interest] draws boundaries around his supposed ground! Truly, truly! I, the Lord of life*

*and death, say to you: "Anyone who is always so selfish and scanty towards his brothers, I will one day have them gnaw at the borders and boundary stones as long as the sun will illuminate the universe! And a stony heart will be presented to him! Only then will he find weak compassion in Me! "* [GH 2-42]

Mathael said about the Pharisees in the presence of Jesus: `` *For in one of the prophets called Daniel, an abomination of desolation is spoken of, which also speaks of a solar eclipse and a several other terrors, all of them are meant in a spiritual way.* [GGJ3-97: 4]

The Lord says; `` *But then will come that great sorrow and affliction that Daniel the prophet spoke about when he stood in the holy place and said, 'At that time there will be sorrow and misery among men as there has been since the beginning of the world has not yet existed! "* [GGJ5-128: 11]

Subsequently, twelve-year-old Jesus says in the temple at Jerusalem: `` *There are also times coming much later when, as Daniel described, even this purest teaching will be abused, but never with this' virgin 'herself, only with' children and children's children "of this spiritually pure" virgin "and for a short time," widow "! Of course they will not partake of My promises, only that 'virgin' who sprouted from My mouth and have her many pure children! "*[Source: Three days in the temple, chapter 29:18 - Jakob Lorber]

The Lord goes on to say: *'And that is why I have come here to you, in the first place to proclaim to all of you that God's kingdom and therefore also all the heavens in and through Me have come to you on this earth, which is already a great number Recognize and openly confess formerly convinced Gentiles, that what Daniel prophesied may be fulfilled: "Even those in the grave shall hear His voice!" for they are the Gentiles who were buried from the cradle in the grave of night, judgment and death. "*[GGJ5-266: 2]

## **THE FOURTH ANIMAL.**

The lord: *"What would you say if I tell you that shortly after 2,000 years, calculated from now on, firstly this My teaching will be in a much worse state than now the worst paganism and will be even worse than now the blindest Phariseeship in Jerusalem, which from now on will not last longer than fifty years?! What will you say if I reveal to you that the people of that time will invent and produce large artificial eyes whereby they can look into the great depths of the starry sky and will set up completely different calculations as the Egyptians have done?! Yes, the people will make roads of iron and will drive with fire and steam in cars made of iron, as quickly as a shot arrow flies through the sky! They will fight each other with firearms made from iron and will carry their letters by lightening into all the world, and their ships will move through the power of fire on the large oceans of the world without sail and oars, so quickly and easily as an eagle glides through the air; - and still thousand and again thousands of things of which you cannot have any idea. "And see, all this is contained in the fourth animal and cannot be understood by you, because you also cannot understand what I just now have explained to you! But in the spirit you will be able to understand all this shortly and you will not be able to give anybody another explanation as I have given it to you at this*

*very opportunity. Nevertheless, will I give you later at a more suitable opportunity a much closer explanation about this. But for today we have sufficiently done right and good and thus want to take our bodily rest!*" [GGJ6-101:13,14]

CHAPTER 25 *The New Testament. THE GREAT GOSPEL OF JOHN – VOL.10*

The Lord: *“Nota bene: a clarification now for this time. Already 500 years after My earthly life, most of the messages of all the things I have done and taught during My physical life on this Earth in the whole Jewish kingdom were partly no more available and mostly again mixed with the old nonsense, especially for what concerns the explanations of things and phenomena in the natural world – so much so that no one could discover the pure truth in it anymore.”*

*“ Although many quite the same handwritings, mostly made by Greeks and Romans, were preserved, partly in the 10 cities in the long and wide Valley of Jordan (the approximately 60 cities also belonged to it, which in My time, but also already before that and after Me until the time of the destruction of Jerusalem and its surroundings, were all mostly inhabited by Greeks and Romans), partly in Essaea (of which however already 1200 years ago no trace could be found because that group was too much persecuted by pagan Roman Christians), but mostly in the great library in Alexandria.”*

*“ But just look at all those devastating wars and great migrations of people in half of Asia, the north of Africa and almost the whole of Europe. And this because already very soon after Me the people, especially the leaders of the communities, distorted My teaching and mixed it with the old nonsense because the purest truth from the Heavens produced too little profit for them – as the prophet Daniel, and shortly after Me My disciple John on the island Patmos in his Revelation that I gave him, has shown.”*

*“ Then with Me, it was like this: Good, since you prefer the old, worldly filth instead of My purest gold from the Heavens, and since by that you look more and more like dogs who return to what they have vomited, and also like pigs who speedily run back to the pool where they so often greatly dirtied themselves, the gold from the Heavens will be taken away from you for a long time. In your distress, darkness and need you will languish for Me, and death will become again a great terror for you on Earth.”*

*“ And so it happened up to this time. Almost all the cities and places, where handwritings about My many works and teachings were largely available, were destroyed and devastated. Only the small gospels of John and Matthew, to serve as ethics for the people of good will, are still somehow linguistically correct and preserved as real documents about My works and teachings. Also the writings of Luke, and Marc – as far as he briefly wrote down for himself what he heard from Paul – were preserved, as well as several of the apostles’ letters, of which*

*however also many were lost, and the Revelation of John, although also with a few linguistic errors, which does however not diminish anything of what is most important for those who are lead by Me.”*

*“Concerning the other teachings about the things and phenomena and their characteristics, only a few were preserved until this time – here and there and much hidden. And wherever something was found from the time of the Romans and the Greeks, it ended up in the monasteries, but it was never told to mankind that was languishing in the dark – not even the size of one stroke.”*

*“ Solar and moon eclipses, comets and other very natural phenomena were not profitable for the priests when it was explained according to the truth. They very soon were changed into forerunners and declarations of punishments that I imposed upon the people so that by that the people who were made frightened would massively make pilgrimages to the temples, which soon came up like mushrooms from the ground, to lay down many rich offerings at the feet of the priests.”*

*“ There are still many important handwritings from My time that can be found in the catacombs of Rome and in the papal castles of Spain and Italy and in some places of the German kingdom. But also now, because of the great greediness and the lust for power and splendor of the whore of Babel, she will not show anything of it to the people, and this out of fear and great worrying that this would greatly betray her now and that she would have to give a strict account to every one of the reason why for so many ages she withheld the truth from the people. Since that humiliating reason is surely very clear to every thinking person, it truly is also not necessary to explain it further. “*

*“ How short is the time since the 4 gospels and the ‘Acts of the apostles’ of Luke, the letters of the apostles and the Revelation of John were strictly withheld from the people? And in several countries they are still withheld to them.”*

*“ How strongly did they resist against the light of My bright flash of lightning of the sciences that again would clearly illuminate from the east to the west everything that is on the Earth, and this already 300 years ago. And its light is shining ever more brightly, so much, so that in this time, even the most secret and hidden rooms of the formerly so great and mighty whore of Babel are open as if on bright daylight.”*

*“One could just ask and say: Yes, how long will that whore of Babel be able to go on? Then I say: That is a small-minded question. Look at the light of My flash of lightning that becomes brighter and mightier every day. How can the old dark, pagan Babylonian wonder-nonsense, which deceit has been put into the light in the smallest corners and holes, still go on along with the thousands, now completely mathematically proven truths of all skills of sciences and technique which can be freely used and are accessible to everyone?”*

*“ She can still stand as long as there are still a few old superstitious women alive – kept very dumb from former times – and a few hypocritical fanatics who want to believe the fables of the priests, and as long as those rulers still possess any means to protect the throne of the*

*whore. But this can and will only last for a very short time because it has been taken care that the means of such rulers will be taken away – as they were already taken away from many – and who are now without country and people and must watch how their old activities, efforts and dark works go up in smoke and vapor.”*

*“ Just say: can the night rule on Earth when the sun is already high above the horizon? And this is now already the situation on Earth. The light became too powerful. And the rulers who formerly adopted all darkness so much – for the sake of their thrones and their indescribable good life – begin to understand their great powerlessness in the invincible power of this light. If they want to survive, they must now adopt a friendly attitude towards the light which they formerly hated so much. And if they unnoticed want to adopt the old darkness again, the people will realize it. They will then refuse to obey them and will bring them into great embarrassments and drive them away from their thrones of rulership, as there are already many examples of it now.”*

*“ My will cannot be resisted. Although I leave the people continuously their free will where it concerns the details, but in general I am the Lord, and I do not consider the mighty of this Earth. The time of the light is now here and can no more be stopped by any earthly human power.” [GGJ.10\_025,1-16]*

#### **The recent time.**

The Bible: *“Therefore when you see the ‘abomination of desolation,’ spoken of by Daniel the prophet, standing in the holy place” (whoever reads, let him understand), “then let those who are in Judea flee to the mountains. Let him who is on the housetop not go down to take anything out of his house. And let him who is in the field not go back to get his clothes. But woe to those who are pregnant and to those who are nursing babies in those days! And pray that your flight may not be in winter or on the Sabbath. For then there will be great tribulation, such as has not been since the beginning of the world until this time, no, nor ever shall be. And unless those days were shortened, no flesh would be saved; but for the [a]elect’s sake those days will be shortened.*

*“Then if anyone says to you, ‘Look, here is the Christ!’ or ‘There!’ do not believe it. For false Christs and false prophets will rise and show great signs and wonders to deceive, if possible, even the elect. See, I have told you beforehand. “Therefore, if they say to you, ‘Look, He is in the desert!’ do not go out; or ‘Look, He is in the inner rooms!’ do not believe it. For as the lightning comes from the east and flashes to the west, so also will the coming of the Son of Man be. For wherever the carcass is, there the eagles will be gathered together.” [Matth.24, 15-28]*
