

# Jakob Lorber Bulletin

## International

Date: 15-11-2021, number 69

Friends of the Jesus Revelation through the writing servant and writing prophet Jakob Lorber feel connected to all people of the world as creatures and children of one and the same Father. This Heavenly Father embodied Himself in Jesus Christ about 2,000 years ago and did not manifest Himself as Savior and Teacher until age 30, for three years. The spirit friends of the Divine Revelation recognize in this eternal declaration a new and great Word of God and aim to achieve a joyful mutual exchange.

### SELF REFLECTION – SELF EXAMINATION

**Silvia Ohse** from Germany gave a very nice summary of all the countless arguments against the Covid vaccination in her circular. She writes: 'Consider for

yourself what the reasons are to vaccinate or not to vaccinate!!!' in the following links::

<https://www.wochenblick.at/corona-fuer-die-neue-weltordnung-20-gruende-warum-die-pandemie-nie-existierte/>

<https://www.wochenblick.at/luegen-fuers-globalisten-diktat-20-weiter-gruende-warum-die-pandemie-nie-existierte/>

Jan Pool from Germany sent this link: <https://www.kla.tv/19990?autoplay=true>

## The language of thought.

Have we ever been able to ascribe anything to ourselves? No, our qualifications come from God. [2 Corinthians 3: 5]

“Not that we are capable of thinking of ourselves other than from ourselves; but that we can do this, it comes from God ”

Language has to live in us humans because we can communicate with it. The language reflects our origin. The vocabulary contains all that lives in us. The voice (Hebrew: Kol = 20-30 = 50) also determines the mood, as does the meal (Hebrew: Akol-20-30 = 51). [Food is related to the ONE (God, as unity) to all (Kol) = 50!]. For Kol means 'all' [multiplicity] as well as 'voice'. In the voice we find everything. Voice makes the mood!

We must always keep in touch with God! Food can influence thinking, including speech, such as seeing, tasting, smelling, hearing, and feeling; They are the five main senses! A sense cannot perceive anything of itself.

According to Lorber and Swedenborg, it is the soul that perceives the inner. The senses are only the executive organs. We can even see with our eyes closed and even hear with our ears asleep. **A face without eyes is not a face and has no sight.**

Face in Hebrew means PaNIM = 80-50-10-40 = 180 and sight has to do with it. In the entire 360-degree field of view, we only see half of it, because  $360: 2 = 180$ .

Hearing needs our ears [that's where obedience comes from]. The shape of our ears determines our hearing.

An olfactory organ cannot do without nasal mucosa. The outside can never function without the inside. The senses can again be subdivided into different levels. According to Swedenborg, the eyes are in a more perfect position than the ears because they have refined moralism or visual attunement.

Stomach surgery changes the senses of the stomach. It's the same with any organ being operated on. All in all, everything in our body is exactly attuned to each other like a beautiful timepiece.

Thoughts are the light of the soul. [Light = AWR = **1-6-200** as Hebrew letters and numbers] It is pronounced aur, aura, our or hour. For example, let's think of gold, and gold in Latin = **AURum**]

Judges **16:2** speaks of the morning light and Joshua **16:2** of Bethel-luz = "House of God", and Matthew **16:2** of "Sunset", and Mark **16:2** of "Sunrise".

Jakob Lorber emphasizes that each of us must think logically and morally. Moralism is a form of serious compassion; however, under moralistic imagery. [according to morality, ethics]

As Earth people, we have two ways of thinking. The first: **the intelligence** is closely connected with the heart; and the second type, **the intellect**, with the brain. The difference between the two is often not recognized. **The intellect is connected to the pyramidal synapses.** We often use the word **cerebra** [of the **cerebrum**] for this. Often the difference between the two terms is not made clear!

Intellect, however, is bundled knowledge. They are added facts. However, intelligence is also an internal relic of wisdom thinking. This works at such a tremendous speed that no one can keep up. We need the thought that is quickly extracted from the heart to solve certain problems.

So thoughts are spiritual ideas, moral values, and these connect the conscience. Human thoughts [must] be in accordance with inner moral values. From thinking, the deed (action) then arises automatically. It is only a small step from thinking to doing. First, there must be a favorable opportunity, and only then we do take action.

According to Jakob Lorber, people in the spiritual realm of the angels can later rejoice or be ashamed of their (thought) deeds.

That is why it is good to think seriously about the great responsibility that every individual person has to test and live up to his inner being. Such powers, which we must take very seriously, are not mocked because they require a "conscience." If a person believes and fully connects his life with God and his fellowmen, then he has already reached the third degree of rebirth.

Firstly we have the **knowledge** and secondly the permission to integrate the belief in yourself. Knowledge is what a person has received in terms of spiritual knowledge, is part of his faith. This comes from his memory, from the mental repository. [database!]

The re-**COLLECT** (collect again) is that which prompts him again and again. The word memory thus also includes what he receives or collects, and again and again from his innermost being. The human intellect does not have to agree to that.

Here Ecclesiastes 12:12 says: "And besides, my son, be warned. **There is no end to all the bookmaking and a lot of studying tires your body**".

Here too the Bible would be our teacher. Knowledge and conscience run parallel to each other. **But the deeds are even more important!** We must walk the narrow path of faith, which is not easy at all. But how great is the feeling of happiness when you have achieved your goal?

There are many temptations on the wide and comfortable trails that make people stop and distract too much along the way. You hardly have to exert yourself on such paths. This path will not always be successful or yield results.

The Hebrew word for **thinking and calculating** means the same for both words, namely **ChaShaB**. Both together contain the same word **ChaSh**, which means '**to feel**'. Here it is not the intellect alone that decides what determines one thing or another for man, but the **will**. So we first need to know what the WIL exactly means. This is the faculty from which all actions and deeds arise.

The will arises from duality [the idea of God] and that as the first principle (1) and thought as the second principle! (2). The will is the third initiative (3). [moving in a circle, as it were]. The fourth principle (4) means fact, factuality, realizing it.

Understanding (the ratio or the understanding) is closely connected with thinking (in wisdom). This gives him the ability to perform certain actions. The mind is the actual shaper of the will. Mind and thinking resonate with each other. **But they are stimulated with the feeling.**

The environment can notice our thoughts as we radiate or transmit them. We also receive their thoughts or forebodings from other people. With some, you can guess what thoughts are going through their minds.

The whole world, the universe, with its many stars and galaxies, celestial bodies and suns, consists of the held thoughts of the Creator.

So thinking is also CREATION and in turn is creativity. The word 'creation' is hidden in the pancreas. The pancreas is one of the main functioning glands in the human body. In Sanskrit, "PAN" stands for God and "**CREAS**" comes from **creativity**.

A disease of this organ ensures that the operating system no longer runs smoothly. There may even be a misconception of "creativity" behind it. Thoughts have a purpose and at the same time, form definite forms or shapes.

The creative impulses are whispered to us or controlled from above. If a person does not properly apply his creativity, which comes from his soul-like thoughts, then he can get sick.

Every thought is unique. Thoughts are spheres that you create for yourself. In this way, every person opens up certain spheres in his world of thought, which is also his real world.

It must also be said here that the sphere is the same as condition, situation, or position. It does not always have to be a material situation, more so a spiritual feeling situation. It can be very different, such as a painful condition, a state of mind of extraordinary well-being. The created state is the real world, both in the here and now and in the hereafter.

## Thinking from the heart.

Jesus said to Peter, "You are a stone that could make me stumble, for you are not thinking God's thoughts but human thoughts." [Matthew 16:21-23]

Lorber describes that thinking - based on facts - only comes **from the heart**. Every thought is recorded in a memory location [in the brain]. The thoughts are stored as a kind of database for the eye of the soul. The feeling is the psyche. In addition to the soul, our thoughts are also very closely associated with material images.

Are we thinking in letters, words, or images? How do speech, sounds, and words come about? The first letter we were confronted with as a child is **the letter A**. This letter looks like a pyramid. It is our first language consciousness.

The letter A is the **FIRST**. [The 'first' or 'der Fürst'] He is an ordinal number [precedence word]. A hierarchy, rank, title, or status is already noticeable here.

In English, 'the first' seems like a prince or a monarch: 'the first', in which we see the royal. In addition, the first letter in Hebrew is the first letter expressed in the alphabet.

The letter A of Aleph means: **"I will teach you!"** (I will instruct you!) For it is no coincidence that this letter almost resembles a pyramid. Earlier the priests in Egypt were (secretly) taught in the pyramids, according to Jacob Lorber. These pyramids were intended only for prospective priestly students who had been ordained.

The letter A also means "I". If it is at the beginning of a Hebrew word, as with Adam, it means: 'I can exist only in connection with the blood! So the letter A has the shape of a pyramid triangle. [**A** = 1 and **Dam** means blood]

Thinking in Hebrew means **MieN** (Heb. numerical value M = 40, N = 50, together 90 as 10 x 9. [**9. Hebrew letter = Teth**]). Our thinking should have a lot to do with the Hebrew 9th letter Teth. (womb!). Is there any real connection with this? In the woman creates **the womb**, just as the pancreas creates. In her creativity, the pregnant woman produces the child as a human being and gives birth to it. You could say that 'thinking' in the background [hidden] also has to do with femininity.

We produce creative beings (things) with our thinking, with our thoughts and want to convert these into a design, matter. The number nine comes from (Lat.) Novum: renewal.

Thoughts are always **innovations**. They are secretly designed in the heart, just as the womb shapes "life" in secret. The evolving being is first prepared through the womb and finally, the soul incarnates in the fetus.

After a few months, the born child gradually awakens from its spiritual soul sleep and gradually but unconsciously begins to think.

As an example, we'll create a 360-degree circle and subtract 90 degrees from it; there are still **270** degrees left. This compares as  $\frac{1}{4}$  (90) to  $\frac{3}{4}$  (270). The pregnancy lasts about **270** (9x30) days.

Incidentally, the Hebrew word for pregnancy has the same Hebrew numerical value [**270**]. Coincidence?

Since we are talking about writing Hebrew numbers, it should be briefly mentioned that the number of MAN [ADaM] is 555. In the Hebrew Bible [the Old Testament] Adam is even mentioned **555** times.

Explanation: The numerical value of ADaM is 45 (A = 1, D = 4 and M = 40 = 45). The athbash value is 555. (Athbash value here means a hidden value and the equivalent value of Adam as 1-4-40 stands for 400-100-10. [= 510+45=**555**]. Because opposite the 1 is 400, opposite the 4 is 100 and opposite the 40 is 10.

The calculation is as follows:

A = 01 - The opposite number is T of TaW	= 400
D = 04 - The opposite number is Q of QoPh	= 100
M = 40 - The opposite number is J of JoD	= 010
	Total: = 510
next to it the numerical value of Adam:	= 045
<b>total:</b> .....	= <b>555</b>

The athbash value therefore always means the 'equivalent value'. Every Hebrew letter has an equivalent. This plays an important role in the Hebrew letters.

**"So whoever gives himself the impression that he is standing [existing] may be very careful that he does not fall."** [1 Corinthians 10:12].

## **The number of the order**

In the work of Jakob Lorber, the number of orders and the numbers of all kinds of herbs, plants, shrubs, trees, fish, birds, and other animals is always discussed. **They are all equal to the number of people**, which is also equal to the number of the future redemption and the consequent rebirth. There are an immense number of divine helpers in the spirit world who are well known to God, our Father; whose number He knows, yet to us humans they are innumerable.

**The numbers we humans use are different from the numbers described in the Bible.** Yet everything on this earth has its mission. In the Bible, the number two is the same as the six, meaning that struggle and work precede the rebirth of man. The numbers 26 and 62 are not sacred numbers. For example, the number 62 is not exactly moral in various contexts.

In contrast, the numbers three and seven are sacred and inviolable. So are the numbers 27, 37, and 73. The number twenty-seven is sacred because we get it by multiplying  $3 \times 3 \times 3$ . So three has the same meaning as the seven.

The number ten in the Bible has the meaning of "remnant", while we humans give the meaning of "excellent". In this world, we give numbers too much material meaning. We usually treat numbers in a mathematical way, by adding or calculating them, both qualitatively and quantitatively.

The Hebrew alphabet has 22 letters, of which the 22nd [last] letter of the alphabet means CROSS [TaW]. Psalm 22 clearly indicates the crucifixion of Jesus.

on 21-6, counting from January 1, summer, the time of the solstice begins. The light (the sun) is at its peak. It is then the 172nd day of the year. If we count to the 172nd word in the Hebrew Bible, we find the word "**light**" there.

It sounds acceptable that the numbers are in chronological order. God is the first [the unity without beginning!] and we are the second [in duality]. "Der Erste" In English it sounds - as mentioned before - as "**the first**", in German as "**der Fürst**" and the first is the most important.

We have no idea what is behind a number [which is vibration]. It's not surprising that every now and then we just use the numbers [figures] as a mnemonic. Furthermore, we do not value them by using them mostly in an analogous sense.

Swedenborg has numbered his writings, just as the Bible and Jakob Lorber know the numbering. Swedenborg has written the numerals in a spiritual sense in various places and in extraordinary ways. The same numbers must be understood spiritually because they have been used in the same way in the dimensions of all solar systems, humans, animals, plants, and minerals. Our spiritual science gradually materialized. Today some fragments of these remain, and these testify to the strength of that time. Little by little, some of these fragments were reassembled.

In the book Saturn by Jakob Lorber, it is stated: 'For the numbers seven, twenty-one, etc., this also applies to the inhabitants of Saturn, and **almost all numbers divisible by seven without remainder are sacred numbers**. And also a period of seven days is concluded with the seventh day, which is also a holiday for them.' [Sa.01\_042,03]

13. Look, two times four is eight; how is it Jerusalem? In the number 8, the number 7 is infallibly contained. The number 7, however, is the authority of the seven spirits of God, which have correspondence in the seven colors, and therefore also with the life of every man. But now we have the number 1 in the number 7; what does it say? It says that these seven spirits are not seven, but are, in fact, entirely one Spirit; and this is, as it were, expressed in the number 8, in which number, at the same time, the

Spirits of God are separated, and then represented in unison with each other; and this combined 'one' with the formerly divided seven, gives the perfect number. [Spiritual Sun, part 2. Chapt 45:13]

Now, however, Jerusalem also presents the Lord under the active standpoint of love and wisdom; which you may well see from the occasion of the origin of this city and its appropriate arrangement. Thus the Lord, or His love and wisdom, or the very city of Jerusalem, is perfectly identical; and the number, which represents the Lord as a perfected Being, must then also signify all that which is also the Lord in His united perfection. But Jerusalem does this; so it can also be designated with equal right, under the number 8. [Spiritual Sun, part 2. Chapt 45:14]

But as is the case with Jerusalem, the reason is basically the same with all others; since the Lord is certainly everywhere in everything; and hence can the number 8 in this specific sphere, depict equally perfectly, either the one or the other. Here, of course, you say: If it is so with 8, it must also be so with all the other numbers. **This is correct and sure; but as long as you are still battling with earthly numbers and scales, and you think that God and the purer spirits must count the same as you, you will not be able to comprehend them in their full depth.** [Spiritual Sun, part 2. Chapt 45:15,16]

*A disciple of Jakob Lorber criticized the Lord and received the following answer from the Lord through Lorber:*

“ If he [the pupil] will say that some things in those communications from Me [to Jakob Lorber] are very remarkable and thano order and no system is underlying them, then he must be made aware that My order and My system is quite different from that of the people, who count one, two, three, four, five, six, seven, eight, nine, ten, but do not consider that each of these numbers is only a boundary marker of an infinity. What lies between one and two and three, etc., they do not think of! I have and know the right order and therefore do not say one, two, etc.; but so long as the infinite gulf between one and two is not filled, three cannot be passed on. To whom is the beginning, the middle, and the end of all things known? I am the Alpha and the Omega and the eternal center of all things Myself. Therefore My order is also the right one because I am the eternal order Itself. And if the new man will find Me again, then My order and My system will also become comprehensible to him.” [ Gifts of Heaven, vol. 1, pp. 112,113]

You too, My dear writer [Gottfried Mayerhofer], suffer greatly from these three virtues [number 666]. If these virtues, like love for God, for one's neighbor and for oneself, were also to be expressed in numbers, the numerical result for you would be very small and would not be of any benefit to you. For you have little faith, even less confidence and almost no conviction that My words I have given you will be fulfilled, despite the fact that I must repeat you day by day: let the people talk, stay with Me, with Me is truth and not a lie!... [Secrets of Life, chap. 10, pp. 90,91]

“So it also happened to you when you read through the firmament, whereby its size, its distances, the laws of action among each other, all these quantities where your human body size or your tiny scale, the foot, as well as the diameter of your earth or the diameter of your earth's orbit, yes the diameter of your whole solar system and its

distance from the next fixed star shrink into nothing and all these quantities, earthly numbers are not sufficient to measure My creation and its spaces or times.”

“ Even when light with its transit hardly proved itself as a factor of calculation (because again numbers appear which are no longer comprehensible to your human mind, and at most only the somewhat faster electrical spark could prove to be a yardstick with which you could not measure anything outside your atmosphere), only then did the afflicted soul reach for the fastest time and space gauge, for the thought, the measure, which I have put in you as God’s thoughts, in order to at least guess the approximation, how great even the limited material suns and worlds creation may be, where all other attempts to have even a slight idea of it were not sufficient...” [Secrets of Life, chap. 20, pp. 8,9]

“The numbers are not sufficient to measure My worlds and their distances, the words cannot describe all the beauties of these creations, and no human spirit, neither here nor there, will ever get a perfect overview of My whole material and spiritual kingdom. [Secrets of Life, chap.27:27]

“ So the term "time" cannot be eradicated from creation any more than I Myself. Without time there is no world, and without Me, there is no time! - What is the period of human life from the cradle to the grave? It is nothing other than a section of infinity expressed only by numbers, which is visible in a recognizable, created being in its emergence, its development and its passing. Without these visible changes, there would be no time to measure if you had not gained a timepiece by counting the change of days or the change between day and night.” [Secrets of Life, chap.36:27]

*Much is also written about the number in the Household of God and the above description may still suffice to catch a small glimpse of the inscrutable time of the Creator. G.*

## The Diet of Moses

Moses' diet is completely different compared to other peoples of the world. The rules in Israel seem responsible for modern dietetics. It is better for our health to only eat only animals [that have enjoyed organic food without hormones!] because the meat is essential. And then only the meat of ruminants that do not eat meat, but grass and leaves. This meat is free of dangerous trichinae. The pig digs in the earth, the manure, and in the mud and eats everything they come to, but also house rot, tree roots, insects, also sick and dead animals, so everything is digested with them.

Some birds even eat animals. Therefore, carnivorous animals should not be eaten. Mussels should also not be eaten; however, these shellfish are indispensable for clean drinking water. The mussels filter the water at a rate of forty liters per hour. Oily fish is especially good for health, and the thicker the better. **Just no eel.** This is why Eskimos have so little cardiovascular disease.

## JUDICIARY

**We received the following message from a reader:** The Lord: 'What should frighten you when I am with you? And whoever opposes My decrees will hardly achieve anything. But whoever follows Me willingly is given a full measure. For man reaps the reward of his deeds. And, without exception, the Lord also enforces the judiciary, if it is not contrary to the divine order. What God places as ruling over the people must be recognized at all times. For the Lord commands the higher power to lead these people, and He gave all right and all power on earth over the people. Therefore submit to this power, and you will fulfill the will of the Lord.

But when this power is used to act against God's commandments, the ruler has usurped a power that was never given to him by God. And he rebels, as it were, against the Supreme Power, to which he is subordinate. Then he forgets to fulfill his duty that was set before him. He does not rule the people wisely and justly but leads them astray from the right way. He is not a representative of the divine power to the people, but rather he is in the service of the dark forces.

Then everyone has to find the right way on their own. His primary aim should be to serve God, to fulfill God's will, and to keep God's commandments. And if he is hindered by the judiciary, he will have to fight, but he will always be supported by God's spirit, by the Lord and Savior Himself. There is only one Will for this and the other world. To follow this Will is and will remain the sole task of every being for all eternity.

The demons do try to influence and stir everything against the word of God. But if they also take possession of the heart of one who leads the people, then it ceases to be right. Then all truthfulness turns into lies and deceit. Then the righteous must suffer and the dishonorable will be honored. Then a nation can never prosper again, but it will be disfigured in thought and action. It does not remain pure and pure, but it becomes false and goes blind in false ways.

But it won't last forever. The truth will break forth, My word will rise again among men, and the divine order will be returned to that which is of goodwill and believes in Me. I will give my commandments to those who faithfully fulfill them, and who with them will also save their fellowmen from the night of darkness. My love intends to send them bright light and if the mind searches for truth in Me and through Me, it will become light for it and it will see what is right and what is wrong. And he will know how to act and follow what I have commanded him. For I alone reign now and always. Amen. [by Bertha Dudde]

## Prediction of the Great Gospel of John.

“God-as-Jesus-Christ” in Isa.2,4 says: And He will judge among the Gentiles and rebuke many nations, and they shall beat their swords into spades, and their spears

into shekels; nation shall not lift up sword *against nation*, neither shall they learn war any more.

'The Lord', who am I in the Word, 'will judge the gentiles and punish many people.' Who are the gentiles and who are the people? The gentiles are all those who do not know the true God and instead of Him are worshiping and mostly honoring, dead idols and the mammon of this world. The Jews are surrounded by such people from all sides, and wherever you now also want to go in the world – to the morning, the noon, or the evening – you will find nothing but all kinds of different gentiles. However, you know that now from all sides of the world the gentiles of high and low rank and from close by and from far away have come to Me. They heard My Word and saw My signs, were filled with faith and accepted My teaching, and My Word is now judging them and putting them on trial, by which they cease from being gentiles and they pass over to the number of the blessed ones of God and to the number of the true people of God.

But they also will not remain like they are now instructed and educated, **because soon false anointed men will arise among them** who will also perform signs, will mislead kings and princes, will soon seize a great worldly power and will persecute with fire and sword those who do not want to follow them and will finally split into many sects and parties. And these are then the many people who I as Lord will punish because of their lack of love, their falsehood, their selfishness, their pride, their obstinacy, their lust of power, and their evil quarreling and mutual persecutions and wars. **However, before that time will come, it still will take a while, as it lasted from Noah until now.** (Remark: Noah died in 2145 BC according to Great Gospel of John 8, chapt. 86:3; Genesis 5 and Genesis 9.29. And 4082 -2145 = 2037 years- We now live in this time!!!)

But as it was during the time of Noah when men were marrying and were giving into marriage, held big parties and feasts, let themselves be highly honored and wage destructive wars against those who did not want to bow down before their idols so that soon the great flood came that drowned all those who committed evil, so also it will be in that future time. **But then the Lord will come with the fire of His zeal and His wrath**, and sweep away all the evildoers from the Earth.

Then it will happen that the pure and good men and the real friends of the truth and the light out of God who were spared, will make from their swords plowshares and from their spears sickles, **and will give up the art of war completely.** Then after that, no truly anointed people will lift up the sword against another anymore, except still some remaining gentiles somewhere in the deserts of the Earth. But also these will be admonished and after that be swept off the Earth. [10] Then the Earth will be blessed again. Its soil will bear a hundredfold fruit of everything, **and the elders will be given the power over all the elements.** ( GGJ 07\_172:5-10)

## The Holy Words of the Lord

On March 15, 1840, Jakob Lorber is commanded to write the sacred words of our Lord and Father. In the first part of the book Heavenly Gifts, the Lord informs us that:

Lorber began writing on 15-03-1840 with the Household of God [3 volumes] and the third volume was completed on 07-09-1844. But in the meantime, he also received other reports, which information was noted and stored in other books.

For example, almost a month later on 13-4-1840, Lorber also received divine messages for his circle of friends, which were described and collected in the three-volume book: 'Gifts from Heaven'.

In the following, we see described the exact sequence, which Jakob Lorber had to put in writing by an angel of the Lord, for almost twenty-five years from 1840-1864. These and other works were interspersed with the main themes such as:

Household of God:	15-03-1840 to 07-09-1844
Gifts of Heaven:	13-04-1840 to 09-05-1864
The fly:	03-09-1840 to 25-03-1842
The Twelve Hours:	28-02-1841 to 25-03-1841
The Moon:	01-05-1840 to 05-06-1841
The great time of the times:	29-03-1841
The planet Saturn:	5-07-1841 to 29-07-1842
The Grossglockner:	30-04-1842 to 28-05-1842
The natural Sun:	08-08-1842 to 21-11-1842
The Spiritual Sun:	22-11-1842 to 16-12-1843
The Youth of Jesus:	22-07-1843 to 09-09-1844
Bible text statements:	20-12-1843 to 27-02-1844
Correspondence with Jesus:	27-03-1845 to 18-12-1846 [with King Abgarus Ukkama]
Planet Earth:	28-12-1846 to 15-5-1847
Bishop Martin:	13-08-1847 to 13-10-1848
From Hell to Heaven:	27-11-1848 to 02-01-1851
Healing of Sunlight:	16-07-1851 to .....
Great Gosp. John:	02-08-1851 to <b>19-07-1864</b> [ten parts]
Beyond:	31-05-1852 and 24-02-1854 [exchange with residents]
On the other side, someone:	18-02-1861 to 31-12-1861
Three days in the temple:	11:15-1859 to 13-01-1860

## Something about Corona

The Bible says in Psalm 91:2 that those who trust in the Lord can be saved from the pestilence. We then have nothing to fear from the plague that roams in the dark, from destruction.

One of the greatest idols of our time is our economy. Everything is sacrificed to it. Well-being, environmental health, and all that for more, more and more.

Corona is the beginning of the beginning. According to Jakob Lorber and the Revelations of John, a third and a fourth of the people on Earth will die.

I saw a horse appear, which was green. His rider was called death. And the realm of the dead came after him. He was given the power to destroy a quarter of the earth by the sword, famine, plague, and wild beasts. [Rev. 6:8] – Because of these three plagues: the fire [inexplicable forest fires] the smoke and the sulfur [Sulfur = Lucifer] – smoke and the associated stench, according to Jakob Lorber, is analogous to infernal spheres! A third of the people were killed [30 % of 7 billion = about 2 billion people.

The world has enough idols: sports, the lottery, the games, competitions - all this has now been dethroned by the coronavirus - a tiny invisible virus dethrones all idolatry of this contemporary time. The Lord is going to come in the Person of Jesus Christ, but before Him goes the cleansing [purifying] of the earth = the plague [= corona] according to Habakkuk 1:3.

The economy has been the idol of this world for years. The Bible says the following in Daniel: But thou Daniel... seal the book until the time of the end, many shall inquire, and knowledge shall increase. [Dan.12:4]. This is the end time and knowledge has increased. Nothing is covered, but it will be known [Luke 12:2]. Especially now knowledge is revealed and what is hidden is made known.

Revelation speaks of the red horse [war], the black horse [death, famine] and the yellow-green horse [pestiles – these three take a quarter of the people away from the world or they control a quarter of the earth

The end-time sermon is also found in Isaiah: “And when ye hear of wars and riots, be not afraid. For those things must first come to pass, but that is not yet the end immediately.

Then he said to them, Nation shall rise against nation, and kingdom against kingdom, and there shall be great earthquakes, and here and then there be plagues and famines, and also terrible things and great signs from heaven. [Luke 21:9-11]

### **Learn, the new one**

The new doctrine of truth has not been communicated mediumistic. These unique Divine messages have been around for more than 150 years. These Revelations

have been "revealed" to mankind by grace! The "writing prophet" Jakob Lorber received the Divine Words in his innermost heart chamber, to which God spoke loudly and audibly to him. The Lord instructed Lorber to write down everything he could hear clearly, to be of use to the coming humanity. It is astonishing that the churches hardly take notice. "What is written here, - through My scribe, that will most certainly be fulfilled!"

Before the Lord took leave of all His disciples, He Himself said: "Behold, I am coming back soon!" And as He ascended in the clouds and became invisible to the eye, an angel came and spoke: "As you See Him now ascending in the clouds, so He will come again!"

This mention implies a soon return. We have experienced it ourselves and several times: Hildegard van Bingen, Jakob Boehme, Swedenborg, Jakob Lorber and many other minor writing prophets.

Now when we read the books of Jakob Lorber, we are "in the clouds" and we are carried away in the spirit of the Lord. Meeting him spiritually in the clouds has already become a fact. According to Lorber, 'In the clouds' means 'the New Life Doctrine', which the Lord has revealed to us. The Lord said, "Not in a hundred years have I failed to send a prophet to you so that mankind may not be completely plunged into a spiritual sleep."

"The true foundation of the activity of God, as far as I know, is also the Hebrew teachings; The truths that apply to us have also been laid down and revealed in the Jewish religion. But whether these are understood by humans at all is another matter. However, the Lorber Works are comprehensible to read.
